# Why derogation?

- European regulations by ACER decision require an accession to MARI and PICASSO platforms July 2022.
- Regulation also allows to seek maximum two years derogation.
- Rationale for derogation: Automated processes, 15 min ISP and mACE are all prerequisites for accession to platforms and will be implemented after July 2022

# Tentative timeplan

	September	October	November	December
<b>MARI/PICASSO</b>	Stakeholder reference group meeting	Consultation	Present results from consultation	Submitting derogation application

# Tentative approach derogation application

- Date for latest accession, end of the derogation window, July 2024
- Implementation plan and timeline
  - MARI Q4 2023 – Q1 2024
  - PICASSO Q2 2024
- Assessment of the impacts following a later accession in line with European legislation. For example, impacts on European balancing markets and competitiveness.
